

Что это за список такой?

Если вы знаете 2500-3000 слов, вы будете понимать 80% базовых, ежедневных бесед, статей и рабочих диалогов.

Остальные 20% можно постараться понять из контекста. Однако, важно знать тот костяк самых часто используемых слов, чтобы не тратить время на запоминание всех слов английского языка, которые вы вряд ли будете использовать.

Oxford составил список из 3000 английских слов, которые must-know, чтоб понимать собеседника и уметь выразить свою мысль. Кстати, чтобы начать говорить как upper-intermediate, вам нужно знать минимум 3000 слов!

Что делать с этим списком?

Скопируйте его себе, сделайте колонку Перевод и Примеры. Пишите перевод слово за словом и составляйте ваши примеры с новыми (и старыми) словами для практики и лучшего запоминания.

Если хотите попрактиковаться и, чтобы я проверила ваши примеры, [welcome to my secret practice chat](#).
